Location: Navi-Mumbai

SKILLS

- **Programming Languages:** Java, C#, SQL, Python
- **DataBase & WebTech:** MySQL, Net/DotNet Core, HTML, CSS, JavaScript, Git

EXPERIENCE

- Software Developer Intern, CarTrade Tech** March 24' – Present
- **Learned C# MVC Models:** Acquired practical knowledge and hands-on experience with C# and the MVC architectural pattern.
 - **Migration Task**
Led the migration of panels from BikeWale website to CarWale website
Transitioned panels from ASP.NET to ASP.NET Core, ensuring compatibility and performance..
 - Developed technical proficiency by learning ASP.NET Core to contribute to the seamless migration of web applications.
 - Utilized MySQL as the DBMS for managing data and ensuring efficient database operations.
 - Gained in-depth knowledge of advanced concepts like dependency injections, Business Logic Layer (BAL), Data Access Layer (DAL), and caching mechanisms.
 - Addressed and resolved migration challenges, ensuring smooth integration and minimal disruption.
 - Worked closely through team collaboration with development and cross-functional teams to ensure alignment and successful project completion.
 - Improved expertise in modern web development frameworks and technologies, including C#, ASP.NET, MVC models, and MySQL.
 - **Unit Testing:** Conducted unit testing for RPCs in C# .NET Core, ensuring code reliability and robustness.

EDUCATION

Bachelor of Engineering (Artificial Intelligence & Datascience)	[cumulative]
SIES Graduate School of Technology, Nerul (current: SEM 5)	CGPA 7/10
Class 12th - CBSE	2020 – 2022
DAV International School Kharghar	Percentage - 72%
Class 10th - ICSE	
Ryan International School Kharghar	Percentage – 95.6%

PROJECTS

- Amazon Clone** **GITHUB LINK-** <https://github.com/Snehaaa24/Amazon-Clone.git>
Developed a sophisticated Amazon Clone using core HTML and CSS.
It mirrors the original website's user interface, showcasing my ability to design user-friendly features like navigation bars, search options, and product displays. It is a Front-End Amazon Clone.
- Modern Website Design** **GITHUB LINK-** <https://github.com/Snehaaa24/Responsive-website-clone.git>
This is a clone of a modern designed website, it uses html css and Js. Used Js libraries like gsap scrolltrigger.

ACHIEVEMENTS

- **SIES Table Tennis Team Member-** Placed 1st in intra-college singles match and 2nd place intercollege match

CERTIFICATIONS

- DSA in Java course
